## Volunteer Questionnaire

What attracts you to volunteering at The Tech? Is there an aspect of our mission that motivates you to want to volunteer with us?

when visiting the Tech for middle school field trips. I want to ensure other people feel the same excitement and fascination that I felt.

I have considerable volunteer experience from volunteering through my Boy Scout Troop as well as Tzu Chi, a Taiwanese non-profit humanitarian organization. I recently submitted my application for the gold level of the Presidential Volunteer Service Award (PVSA). I can't wait to contribute to The Tech's mission and make a positive difference in others!

Can you give me an example of another volunteer position you had? Please list the responsibilities you had in that position.

Since I was in 6th grade, I have been volunteering in various positions so it's difficult to choose just one example. All these volunteering opportunities helped me develop interpersonal skills such as leadership, teamwork and strong communication.

TA at Hongyun Art - I helped students to understand and apply art concepts to their artwork, enabling them to be confident and successful.

If you have volunteered before what did you like, or not like, about the program?

It is hard for me to choose just one because I truly enjoyed all the volunteer programs I have participated in. However, one that really stood out to me was at Second Harvest of Silicon Valley. In the span of three hours, we completed around 10-12 pallets consisting of 60 boxes each. Working at an accelerated-pace was definitely challenging, but seeing the hard work we put in to support the fight against hunger, made the experience incredibly rewarding.

What do you find valuable about volunteering? What would you hope to gain as a result of volunteering with The Tech?

make a difference in the community. For example, I feel very rewarded when volunteering for Second Harvest because of how many families are impacted because of my contributions. The many field trips to The Tech Museum I took during middle school left a lasting impact on me. I am eager to give back to The Tech by ensuring all visitors have a similarly enjoyable and memorable experience. I not only hope for an opportunity to contribute to the Tech Mission, but also improve my leadership, communication and teamwork skills.

SUMMER PROGRAM: Are you able to commit to volunteering once per week for a period of eight weeks (between June 18th, 2024 - August 9th, 2024)? Or a minimum of eight (8) shifts?

Yes

Do you have any questions? Comments? Concerns?

Look forward to hearing from you soon!
